Guidance notes

Please read the following information before submitting your commissioned table request. Links included in the notes provide access to some relevant sources for further information.

Before requesting new commissions you are advised to check that the information you need is not contained in either the standard results or any previously commissioned tables.

2011 Census

Information about the 2011 Census tables included in each release of results and the websites from which they can be downloaded is available at <http://www.ons.gov.uk/ons/guide-method/census/2011/census-data/index.html>

2001 Census

All tables listed in the standard area statistics table finder at <http://www.ons.gov.uk/ons/guide-method/census/census-2001/data-and-products/about-the-tables-and-products/types-of-table/standard-output-tables.xls> and the commissioned output table finder at <http://www.ons.gov.uk/ons/guide-method/census/census-2001/data-and-products/data-and-product-catalogue/commissioned-output/commission-output/commissioned-output-table-finder.xls> are freely available on request from Census Customer Services.

Date required

Providing a specific date will help us to prioritise your application. However, we are unable to guarantee to meet this date.

Customers who require multiple tables are asked to provide the following information for each table as an attachment to be supplied at the same time as this order form.

Variables required

2011 Census

Information about the variables used in 2011 Census tables released to date is available in the 2011 Census user guide at <http://www.ons.gov.uk/ons/guide-method/census/2011/census-data/2011-census-user-guide/index.html>

2001 Census

A listing and definition of all 2001 Census variables is available in the Census output classifications (chapter 6 in the Census 2001: Definitions volume) at <http://www.ons.gov.uk/ons/guide-method/census/census-2001/data-and-products/data-and-product-catalogue/reports/definitions-volume/index.html>

Some of the more detailed variables require additional specification to define preferences i.e. a user who wishes a table to contain the ethnic group variable should define whether they wish the developer to use the 5 high level categories, the standard 16 categories or the most detailed 'write in' answers.

Table population required

You should also define the base population you want for each table i.e. All people, All people in households, All people aged 16 – 74 etc.

Area level required

For example: County, Local Authority, Ward etc. A listing and definition of all standard geographies is available in the ONS's Beginner's Guide to Geography on the National Statistics website at <http://www.ons.gov.uk/ons/guide-method/geography/beginner-s-guide/index.html>

For non standard geography, please provide an additional e-mail/attachment with exact details of the Output Areas or Wards that fit into the geography you require.

Important information on disclosure

Please note all requests are subject to disclosure control. We may be unable to fulfil your request if the data is too disclosive.

Charges

Bands	Description	Cost	Dissemination via CD/DVD
Band A	A table which takes under half a day to produce	£100	£50
Band B	A table which takes between half a day and a day and a half to produce	£300	£50
Band C	A table which takes between a day and half a day and two and a half days to produce	£500	£50
Band D	A table which takes longer than two and a half days to produce	Price on application	£50

A definitive cost will not be provided until a final table specification has been agreed and any estimates provided by Census Customer Services on receipt of the request will be indicative only. However, ONS will not produce any table (and incur costs) until the final specification and definitive cost has been agreed by the customer in writing.

Cancellation of the order at any time may render the customer liable for costs incurred to the time of cancellation.

Methods of payment

Once your table has been produced, a Conditions of Supply stating the final agreed cost will be sent to you for agreement. Payment can be made by credit card, cheque or direct invoice and is required prior to despatch of all commissioned outputs.
