The products listed on this form contain results for areas throughout England and Wales.
Many of the results are available online and full details are available on the ONS website at
www.statistics.gov.uk/census2001/get_facts.asp

Results listed below are provided on CD or DVD as indicated. Please tick the product(s) that you require.
There are generally no charges for results on electronic media. The costs of production have been met through the Census Access project with funding from the project partners. Material costs of supply may be recovered through charges in some circumstances, and Census Customer Services will give notification when charges may apply.

A full list of the table titles together with a table finder is available as an Excel file on the ONS website at
www.statistics.gov.uk/census2001/downloads/stand_out_tab_finder.xls

Formats **SuperTABLE:** an easy to use software package allowing you to view and manipulate the Census results.
CSV: Comma Separated Variable - a standard data format suitable for importing results into databases.

Further details about the file formats are available in the Census Glossary of Terms on the ONS website at www.statistics.gov.uk/census2001/glossary.asp
