[REDACTED]

Please find attached the requested comments. Roger will also be following up on the issues raised in our conversations in the next few days.

We feel that the draft report does not make it clear (to users in particular) as to why the UKSA are proposing to remove “National Statistics” status from “Recorded Crime in Scotland”. The attached comments are therefore rather extensive. In light of this, we wish to receive sight of a revised draft report that highlights how these comments have been considered.

Yours,

[redacted] and [redacted],

Attached is our draft Assessment report *Statistics on Recorded Crime in Scotland*. I would be grateful if you could review this document for a factual check and advise us of any factual inaccuracies. You will see as you go through the report that we have a handful of questions that require some minor clarifications. Please note that this report is still in draft.

I have copied this draft to the National Statistician's Office and they will be in contact with you to discuss the report. I have also copied in Roger Halliday, the Chief Statistician in the Scottish Government.

Please send us comments by the close of play on **Wednesday 2 July 2014**.

If you have any queries please don't hesitate to get in contact with either myself, [redacted] or [redacted].

Kind Regards,

[redacted]
