***Extract of Minutes***

**Thursday, 21 January 2016  
Boardroom, Newport**

**5. ONS Website [NSEG(16)04]**

5.1 *Ms Dewis and Mr Jukes joined the meeting. Mr Pullinger invited Ms Dewis to introduce a paper which provided an evaluation of the readiness for 'go-live' for the new ONS website. The paper set out evidence of how the 'Critical Success Factors' (CSFs), previously agreed by NSEG, had been met and recommended that Mr Pullinger should take the final decision to launch the website, once final feedback had been received from the Government Digital Service (GDS) and Dr Wooding and his Information Assurance team. It was likely that Mr Pullinger would be asked to take that decision on or shortly after the 28 January, with a go live date provisionally planned for no earlier than 3 February.*
