Dear Sir or Madam,

Please find the questionnaire for the Monthly Survey for Index Numbers of Producer Prices (PPI) attached. Once complete, the questionnaire can be returned by post or fax using the details in the box below.

The information you supply is used to compile the Producer Price Indices, which are a series of economic indicators that measure the price movement of goods bought and sold by UK manufacturers. They help monitor and measure inflation and are used in compiling the National Accounts. Results are published monthly on the ONS website www.ons.gov.uk

You are required by law to complete this questionnaire. If you do not complete and return this questionnaire by 14 November 2014, penalties may be incurred (under section 4 of the Statistics of Trade Act 1947). All the information you provide is kept strictly confidential. It is illegal for us to reveal your data or identify your business to unauthorised persons.

Thank you for your co-operation,
Office for National Statistics

1. Price quotes

2. Price basis

 - be the price you achieve in a significant proportion of UK sales, after discounts and excluding VAT.
 - reflect orders placed in that month.
 - compare **like with like each month**.
 - be **representative** of current output.
 - normally be sold to customers outside of your company.

3. Product changes

If you modify, replace or discontinue any product or alter the unit or terms of sale, please put a line through any details which are incorrect, write any amendments alongside and insert an "X" in the appropriate box. The product, unit and terms of sale should be described in enough detail to ensure consistency.

4. Avoiding paper based questionnaires

Many PPI respondents find it convenient to supply their price data using our telephone data entry system rather than completing a paper questionnaire. This means that you simply enter the price information via our freephone number using the telephone key pad. If you wish to supply data in this manner, please tick this box.
