ONS to receive details in September

Wales: Circuit of Wales, currently under due diligence. If classification related issues arise then will inform ONS. It was debated that it may be a concession rather than a PPP. [REDACTED] stated that the case may be similar to Addenbrooke’s Hospital which was eventually considered to be off balance sheet but not value for money. Wales raised with ONS whether requiring Higher and Further Education Institutions to publish defined pay information would impact on their classification. A condition within grant letter may be used to publish pay scales so that there was more transparency. ONS stated that there appeared to be no classification issue since the requirement did not dictate a cap on salaries just the publication of them.

Action 3: ONS to write a letter to the Welsh Government with a viewpoint by the end of the week.

7. EDP Mission and Eurostat Taskforce on Methodological issues

DaB shared the action points that resulted from the EDP mission visit hosted by ONS on 16-17 May 2017. Below are a selection of the actions points that led to further discussion at the Forum:
