To be completed for: THE BUSINESS NAMED ABOVE

Please complete and return by 6 April 2016

Dear Sir or Madam,

Please find the Quarter 1 2016 questionnaire for the Quarterly Survey of International Trade in Services (QITIS) attached. Please complete for the period Quarter 1 (1 January 2016 to 31 March 2016). If actual figures are not available, please provide informed estimates. Once complete, the questionnaire can be returned by post or fax using the details in the box below.

The information supplied forms part of the UK's Balance of Payments which measures economic transactions between UK residents and the rest of the world. The data are used in the calculation of the Gross Domestic Product, a key economic indicator which shows the total economic activity taking place in the country. The statistics are also used to monitor the external commercial performance of different economies, assisting trade negotiations in the context of the General Agreement on Trade in Services.

We guarantee that while your employment is less than 10, you will receive no more than 5 quarterly questionnaires for this one ONS business survey. You must complete and return all questionnaires on time, after which you will be excluded from all business surveys for at least 3 years. The Annual Survey of Hours and Earnings is not covered by this guarantee.

You are required by law to complete this questionnaire. If you do not complete and return this questionnaire by 6 April 2016, penalties may be incurred (under section 4 of the Statistics of Trade Act 1947). All the information you provide is kept strictly confidential. It is illegal for us to reveal your data or identify your business to unauthorised persons.

Thank you for your co-operation,
Office for National Statistics

Survey of International Trade in Services

Purpose of this Survey

The purpose of this survey is to collect figures on International Trade in Services (ITIS). The figures will form part of the UK's balance of payments and help calculate Gross Domestic Product (GDP), which is a key economic indicator.

Information Required

This questionnaire is divided into two sections:

Section A asks you for details about your business' international trade in services.

Section B provides you with a comments box and asks for your contact details.

General Instructions

- Report all figures on an annual/quarterly basis.
- Complete this questionnaire on an accruals accounting, rather than a cash accounting, basis.
- Report all figures to the nearest £1,000.
- The United Kingdom (UK) includes England, Scotland, Wales and Northern Ireland but excludes the Channel Islands and the Isle of Man.

How to Complete the Questionnaire

This questionnaire will be scanned, therefore please:

- complete in **black ink**
- ensure letters and numbers are printed and centred within each box
- do not cross sevens or zeros
- do not use commas or dashes
- report all figures to the nearest £1,000

For example, £17,105 = £

Section A - International Trade in Services

This section asks you for details about your ITIS, including:

- the value of exports and imports for each service.
- a breakdown by country of these services.

1. During the reporting period did your business conduct any international trade in services?

By services we mean intangible commodities.

International trade in services is exporting services from or importing services to the UK. This could include international trade to any individual or business entity located outside the UK.

Include:

- transactions with branches or subsidiaries of UK businesses that are located outside the UK
- commission (a cut of a fee paid for a service provided)
- for construction services, include international trade in both goods and services.

Exclude:

- Value Added Tax (VAT)
- transactions with branches or subsidiaries of foreign businesses that are located within the UK
- interest, dividends, airfares, business travel and subsistence and transportation services

A full list of services can be found in Question 3.

Yes → Go to question **2**

No → Go to section **B** 0101

2. During the reporting period was the total value of international trade in services conducted by your business less than £1,000?

Yes → Go to section **B**

No → Go to question **3** 0102

MRK

MRK

The following pages list 52 different service activities.

3. During the reporting period, for each international service that your business conducted, write:

- i) the total export value
- ii) the total import value.

This questionnaire should be completed according to the services your business trades, and not according to the nature of your business.

For example, if your business is a recruitment agency and you buy legal services and public relations services from overseas, then you should enter figures relating to these trades in service activities 11 (legal services) and 9 (public relations services). The figures you report in service activity 10 (recruitment services) should relate to income from, or expenditure on, recruitment services **specifically**.
