

## Household Income and Expenditure (HIE) Branch Publication Scheme and Charging Rates

In addition to the tables prepared for the standard outputs from ONS Household Income and Expenditure Analysis Branch, tables may be independently commissioned, where practicable, when customer requirements are not met by data available in the published tables.

Bespoke analyses will be issued to the requesting customer under an Open Government Licence (OGL) by the provision of a link to a URL on the ONS website and is also made available free to all other users.

### Charging Rates

The cost of the commissioned output reflects the amount of time taken to develop the table(s) together with statistical disclosure check (pre and post production) and associated processes.

The charges reflect the Full Economic Costs associated with the delivery of the service. Six price bands have been identified to give customers a guide of how much their commissioned table will cost. However, the final cost will be agreed with the customer prior to any work commencing.

We will deliver the commissioned tables within 20 working days of receiving written acceptance of the quote, except in exceptional circumstances. In many cases, where requests are not complex, tables are delivered within 10 working days.

The price bands are set out below:

<b>BAND</b>	<b>Time to Produce</b>	<b>Charge (Excluding VAT)</b>
Band A	One hour or less	FREE
Band B	Up to ½ day	£125
Band C	Up to 1 day	£250
Band D	Up to 1 ½ days	£375
Band E	Up to 2 days	£500
Band F	More than 2 days	Price on application

All charges are subject to VAT at the standard rate.

Additional advice and guidance may be obtained from: [hie@ons.gsi.gov.uk](mailto:hie@ons.gsi.gov.uk)

**Charges are effective from 1<sup>st</sup> April 2018**
